

Eastern Corridor Segments II and III

Next Steps

①

Finalize
Transportation
Needs Analysis
Report

②

Establish
working
stakeholder
groups
for each
Focus Area

③

Develop
improvement
alternatives
in coordination
with working
stakeholder
groups¹

④

Evaluate and
prioritize
improvement
alternatives

⑤

Present
alternatives
and
prioritization
for public
review and
comment

⑥

Develop
implementation
plan(s) and
begin to secure
funding²

¹ Alternatives will be developed using a “design-up” approach where improvements will build upon existing conditions to meet both project and system objectives

² Improvements will likely be separated into individual projects and implemented as funding becomes available
