

**Don't forget  
to take the  
Oasis Rail Transit Survey!**

You can still give input on the Oasis Rail Transit project until Jan. 10 through [our interactive online survey tool](#).

The more feedback received, the better project planners can develop a project that best meets the needs and desires of our communities.

Please share this link with your friends and neighbors!

**EASTERN CORRIDOR UPDATE**

**ODOT Initiates Section 106 Review  
Process  
for SR 32 Relocation Project (Segment II/III)**

**Consulting Party Applications Now  
Available**

The Ohio Department of Transportation is initiating the Section 106 Historic Preservation Review process for the State Route 32 Relocation (Segment II/III) project. This process seeks to incorporate historic and archaeological preservation values into project planning through consultations with federal and state regulatory agencies, Native American tribes, local governments, permit or license applicants, members of the public and other parties that have an interest in the effects of the proposed project on historic properties.

Organizations and individuals that would like to apply to be a consulting party for the SR 32 Relocation project's Section 106 process must complete an application form and submit it to the ODOT District Office.

The application form, as well as additional information about the Section 106 process, is now available on the Eastern Corridor website at <http://www.easterncorridor.org/relocated-sr-32/section-106>.
